1. INTRODUCTION

- 1.1. This Amended Sector Code is the outcome of the deliberations of the AgriBEE Sector Charter Council, following the gazetting of the AgriBEE Sector Code on 28 December 2012 and the establishment of the AgriBEE Sector Charter Council in December 2008. It takes into account opinions expressed at the Indaba and all previous drafts, and the Amended Codes of Good Practice for Broad-Based Black Economic Empowerment ('the Codes'), as published by the Department of Trade and Industry ('the dti').
- 1.2. While the **Broad-Based Black Economic Empowerment Act**, 2003 (Act No. 53 of 2003 as amended by B-BBEE Act 46 of 2013 ('the Act') and the Codes has guided the development of the AgriBEE Sector Code, its conception is linked to the joint vision as contained in the Strategic Plan for South African Agriculture ('the Sector Plan') of a united and prosperous agriculture Sector designed to meet the challenges of constrained global competitiveness and low profitability, skewed participation, low investor confidence, inadequate support and delivery systems, and poor and unsustainable management of natural resources. This Amended AgriBEE Sector Code derives directly from the Sector's core objective to ensure increased access and equitable participation in the Sector.
- 1.3. This document has been developed as an Amended Sector Code for the Agricultural Sector in terms of Section 9 of the Act and provides for empowerment in the Sector and it includes the Amended AgriBEE Scorecards for large enterprises and Qualifying Small Enterprises (QSE). Where there is doubt, uncertainty or ambiguity with respect to the interpretation of this Code, the content of the Amended Codes of Good Practice, as published by **the dti**, will prevail.
- 1.4. The diversity and uniqueness of sub-sectors within the agricultural Sector is acknowledged. In this respect, where sub-sector charters are developed, these must not be in conflict with the Codes and, in turn, are encouraged to be consistent and in alignment with this Amended AgriBEE Sector Code.
- 1.5. Targets contained in the Amended AgriBEE Scorecard are based on those contained in the Amended Broad-Based Black Economic Empowerment Codes of Good Practice, as published by **the dti**, as well as on stakeholder inputs, comments and recommendations. Where no substantive reasons for deviation from targets contained in the Codes of Good Practice were put forward by stakeholders, targets have largely remained aligned with those contained in the Amended Codes of Good Practice.

2. SCOPE OF APPLICATION

- 2.1. The scope of the Amended AgriBEE Sector Code shall include any Enterprise which derives more than 50% of its turnover from:
- (a) the primary production of agricultural products;
 - (b) the provision of inputs and services to Enterprises engaged in the production of agricultural products;
 - (c) the beneficiation of agricultural products whether of a primary or semi-beneficiated form; and
 - (d) the storage, distribution, and/or trading and allied activities related to non-beneficiated agricultural products.
- 2.2. Where an Enterprise trades in more than one sector i.e. falls under more than one Sector Code, the Measured Enterprise must be guided by the principles embodied in the Amended Codes of Good Practice (refer to statement 003 of Amended Codes of Good Practice).
- 2.3. Despite paragraph 2.1 and 2.2 above, the AgriBEE Charter Council may in consultation with the measured entity, Minister of Agriculture, Forestry and Fisheries and Minister of Trade and Industry determine that the measured entity should fall under the scope of the AgriBEE Sector Code.
- 2.4. This Amended Sector Code applies to multinationals whose business falls within the scope of the Code as defined in this section. Where a specific regime for multinationals exists in the Amended Codes of Good Practice, this regime will apply.
- 2.5. Enterprises as defined in paragraph 2.1 above should measure their contributions to the elements of broad-based BEE as contained in the Amended AgriBEE Scorecard.
- 2.6. Notwithstanding paragraph 2.5, Enterprises with an annual total revenue of between R10 million and R50 million qualify for BEE compliance measurement in terms of the Amended AgriBEE QSE Scorecard (Black QSEs don't have to be measured). However, it should be noted that the Minister may, by notice in the Gazette, adjust the thresholds following appropriate benchmarking studies, sub-sector inputs, other relevant information and consultation with the major stakeholders in the sector.

- 2.7. Notwithstanding paragraph 2.5 and 2.6 above Enterprises with an annual total revenue of less than R10 million, will be classified as Exempted Micro Enterprises ('EMEs'). EMEs will enjoy a deemed BEE recognition Level 4 (as defined in the Amended Codes of Good Practice), and sufficient evidence of qualification as an Exempted Micro-enterprise is a sworn affidavit or Companies and Intellectual Property Commission (CIPC) issued certificate. However, EMEs are encouraged to contribute to transformation in agriculture, particularly in the areas of skills development and socio-economic development; and are therefore incentivised to increase their BEE status by adopting this Amended AgriBEE Sector Code directive for EMEs to move from Lower Levels, to Higher Levels. Black EMEs and QSEs automatically qualify for level 1 (those that 100% Black owned) and 2 (those that are at least 51% Black owned).
- 2.8. The AgriBEE Sector Charter Council must review and adjust the revenue thresholds for QSEs and EMEs every two (2) years in line with relevant economic indicators and in expectation of **the dti's** revision of the Sector Code.

3. OBJECTIVES

- 3.1. The objectives of the Act are to facilitate Broad-Based Black Economic Empowerment by:
- (a) promoting economic transformation in order to enable meaningful participation of black people in the economy;
 - (b) achieving a substantial change in the racial composition of ownership and management structures and in the skilled occupations of existing and new Enterprises;
 - (c) increasing the extent to which communities, workers, co-operatives and other collective Enterprises own and manage existing and new Enterprises and increasing their access to economic activities, infrastructure and skills training;
 - (d) increasing the extent to which black women own and manage existing and new Enterprises, and increasing their access to economic activities, infrastructure and skills training;
 - (e) promoting investment programmes that lead to broad-based and meaningful participation in the economy by black people in order to achieve sustainable development and general prosperity;
 - (f) empowering rural and local communities by enabling access to economic activities, land, infrastructure, ownership and skills; and

(g) promoting access to finance for black economic empowerment.

3.2. The objectives of this Amended AgriBEE Sector Code are to facilitate Broad-based Black Economic Empowerment in the agricultural Sector by implementing initiatives to include Black South Africans at all levels of agricultural activity and Enterprises by:

- (a) promoting equitable access and participation of Black People in the entire agricultural value chain;
- (b) de-racialising land and Enterprise ownership, control, skilled occupations and management of existing and new agricultural Enterprises;
- (c) unlocking the full entrepreneurial skills and potential of Black People in the Sector;
- (d) facilitating structural changes in agricultural support systems and development initiatives to assist Black South Africans in owning, establishing, participating in and running agricultural Enterprises;
- (e) socially uplifting and restoring the dignity of Black South Africans within the Sector;
- (f) increasing the extent to which communities, workers, co-operatives and other collective Enterprises own and manage existing and new agricultural Enterprises, increasing their access to economic activities, infrastructure and skills training;
- (g) increasing the extent to which Black Designated Groups own and manage existing and new agricultural Enterprises, increasing their access to economic activities, infrastructure and skills training;
- (h) empowering rural and local communities to have access to agricultural economic activities, land, agricultural infrastructure, ownership and skills;
- (i) the improvement of living and working conditions and promotion of decent living and working conditions for farm workers; and
- (j) improving protection and standards of land rights and tenure security for labour tenants, farm workers and other vulnerable farm dwellers and addressing the inherently paternalistic nature of relationships associated with insecure tenure by promoting more permanent forms of tenure with the emphasis being on the transfer of ownership of land.

4. DETERMINATION OF AgriBEE STATUS

4.1. The BEE status of an Enterprise that falls within the scope of application of the Amended AgriBEE Sector Code will be determined by the Enterprise's score on the Amended AgriBEE Scorecard. The Amended Scorecard consists of the following five key elements:

- (a) Ownership (Equity & Land Ownership);
- (b) Management control;
- (c) Skills development;
- (d) Enterprise and Supplier Development; and
- (e) Socio-Economic Development.

Amended AgriBEE Scorecard

4.2. The Amended AgriBEE Sector Code (Scorecard) enjoys equal status with that of any other code, including the Amended Generic Codes of Good Practice.

4.3. Measurement Principles:

- (a) A Measured Enterprise's score for a particular indicator is calculated by dividing the enterprise's actual contribution (as described by the relevant indicator) by the corresponding target.
- (b) The result is multiplied by the corresponding indicator weighting points to obtain a score for that indicator.
- (c) Where the enterprise attains a score in excess of the indicator weighting points, the enterprise shall only be entitled to the corresponding weighting points.
- (d) The score for an element is the sum of indicator scores under that element.
- (e) A Measured Enterprise's overall BEE score will determine its BEE status and BEE procurement recognition level.

BEE Status	Qualification	BEE procurement recognition level
Level One Contributor	≥100 points on a broad-based BEE Scorecard	135%
Level Two Contributor	≥95 points but <100 points on a broad-based BEE Scorecard	125%
Level Three Contributor	≥90 points but <95 points on a broad-based BEE Scorecard	110%
Level Four Contributor	≥80 points but <90 points on a broad-based BEE Scorecard	100%
Level Five Contributor	≥75 points but <80 points on a broad-based BEE Scorecard	80%
Level Six Contributor	≥70 points but <75 points on a broad-based BEE Scorecard	60%
Level Seven Contributor	≥55 points but <70 points on a broad-based BEE Scorecard	50%
Level Eight Contributor	≥40 points but <55 points on a broad-based BEE Scorecard	10%
Non-Compliant Contributor	<40 points on a broad-based BEE Scorecard	0%

- 4.4. The gazettement of an Amended AgriBEE Sector Code for the Agricultural Sector, in terms of Section 9 (1) of the Act, is evidence of the commitment by all stakeholders to promote Broad-Based Black Economic Empowerment in the Agricultural Sector.

5. PRIORITY ELEMENTS, SUBMINIMUM AND DISCOUNTING PRINCIPLE

5.1. Priority Elements and Subminimum

5.1.1. Ownership

The sub-minimum requirement for ownership (equity) is 40% of Net Value (40% of the 8 points) based on the Time Based Graduation Factor as provided in Annexure 100(E) of Amended Codes of Good Practice.

5.1.2. Skills Development

The sub-minimum requirement for Skills Development is 40% of the total weighting points excluding any bonus points for Skills Development.

5.1.3. Enterprise and Supplier Development

The sub-minimum requirement for Enterprise and Supplier Development is 40% for each of the three categories excluding any bonus points, within the Enterprise and Supplier Development element, namely Preferential Procurement, Supplier Development and Enterprise Development.

5.2. **Compliance to priority elements**

5.2.1. A Large Enterprise is required to comply with all the Priority Elements;

5.2.2. A QSE is required to comply with Ownership as a compulsory element, and either Skills Development or Enterprise and Supplier Development

5.3. **Discounting principle effects**

5.3.1. Non-compliance with the 40% sub-minimum requirements of any of the priority elements will result in the following outcomes for both Large Enterprises and QSEs:

5.3.1.1 The actual points scored by the Measured Entity and the consequent level that the Measured Entity would have achieved were it not for non-compliance with the 40% sub-minimum requirements will be recognised by the Verification Agency (the Recognition Level).

5.3.1.2 Notwithstanding the recognition in 5.3.1.1 above, the Measured Entity's B-BBEE status level will be discounted by one level down until the next applicable verification period in which the Measured Entity can demonstrate compliance with the 40% sub-minimum requirements, at which point the Recorded Level will become the applicable ratings level for that Measured Entity in the verification period.

5.4. **Start-up enterprises**

5.4.1. Start-up enterprise must be measured as an EME under this statement for the first year following their formation or incorporation. This provision applies regardless of the expected total revenue of the Start-up Enterprise.

- 5.4.2. Start-up Enterprise is deemed to have the qualifying B-BBEE Status in accordance with the principles of paragraph 2.7 of this Statement eligibility as an EME.
- 5.4.3. In order to qualify as a Start-up Enterprise, the enterprise must provide an independent confirmation of its status in accordance with paragraph 2.7, a sworn affidavit statement or CIPC issued certificate.
- 5.4.4. Despite paragraph 5.5.1 and 5.5.2, a start-up Enterprise must submit a QSE scorecard when tendering for any contract, or seeking any other economic activity covered by Section 6 of the B-BBEE Amendment Act, with a value higher than R10 million but less than R50 million. For contracts of R50 million or more they must submit the Generic scorecard. The preparation of such scorecard must use annualised data.

7.2 OWNERSHIP

The objective of this element is to increase the participation of Black People in the Agri-Industry by increasing the level of entitlement of Black People to participate in the Economic Interest and Exercisable Voting Rights of Enterprises in the Sector. When dealing with disposal/ transfer/ selling of Agricultural land as an asset the principles of Statement 102 of the Amended Codes of Good Practice will apply plus section 7.2.1.8 (b) of this statement. However, the target for land ownership is 30% which is the target that was agreed from the previous AgriBEE Sector Code.

- 7.2.1.4 Stakeholders in the Sector will work towards the development and implementation of a diversity of Enterprise ownership models in support of AgriBEE.

Such enterprises (farms) with land claim must use the specialised scorecard until such a time that the land claim has been finalised.
- 7.2.1.8 Despite 7.2.1.7 above, entities whose ownership of land is separate from enterprise equity ownership, i.e. owned and managed under two different legal entities, must comply with the ownership element.

Agri-Industry undertakes to: -

- (a) Further Black participation through ownership in the Agri-Industry by increasing the level of entitlement of Black People to participate in the Economic Interest and Exercisable Voting Rights in existing and new Enterprises. This includes the sale of equity in a Measured Enterprise, sale of assets through Qualifying Transactions and/or through share equity schemes and other forms of joint ventures with farm workers and other Black entrepreneurs;
- (b) Qualifying Transactions must be scored in terms of Statement 102 of the Amended Codes of Good Practice, under the Ownership Element which states that equivalency points may be earned under the ownership element through this mechanism. All other principles of Statement 102 apply including the following:
 - I. the creation of sustainable businesses or business opportunities for Black People;
